THE MAGIC IS BACK...

CLASSIC DESIGN....TOMORROW

FROM AN AGE WHEN TOMORROW WAS EXCITING...

Half a century ago, **TELEVISION** - a new born infant - *was* the future, the miracle that was to change the world. Today, **RETROVISOR** recaptures the thrill of a classic design of the period, combining the best of modern colour TV technology with a unique charm and beauty.

RETROVISOR - THE RENAISSANCE OF STYLE IN TELEVISION...

State of the art electronics, remote control, on-screen digital display - these are just a few of the features **RETROVISOR** offers. A stylish, compact set with a look of matchless appeal that will ensure **RETROVISOR** becomes the focus of any room.

W'S TECHNOLOGY....TODAY!

CLASSIC DESIGN, TIMELESS QUALITY...

RETROVISOR's art-deco inspired style captured the spirit of its age. Today the magic is restored - ready once again to be enjoyed in your home. The materials used replicate the original bakelite in look and feel and offer a far wider range of colours. As beautiful as it is functional, RETROVISOR will complement both traditional and modern decor.

A REPUTATION FOR EXCELLENCE - AN INVESTMENT FOR THE FUTURE...

RETROVISOR is hand-made in the U.K. and is assembled with impressive attention to detail. It is the latest in a long line of traditional products from its creator, RADIOCRAFT, who have an expertise and reputation second to none in the industry. RETROVISOR is guaranteed for two years and is supported by a national service network. The durable design and construction of these sets will ensure they become the collector items of the 21st Century!
